DETAILED ACTION

Amendment

1. Receipt is acknowledged of the amendment filed 12 June 2005.

Examiner's Comment

2. It is noted that in the mark-up version of claim 1, that the new phrase "the arrangement comprises" is correctly inserted before "carriers", however, the deletion of the word "said" is inadvertently missing. Hence, applicant correctly overcame the examiner objection to the antecedent "said" problem, but the mark up claim version should read "said the arrangement comprises carriers" instead of just "the arrangement comprises carriers". Any comments pertaining to this matter and considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Allowable Subject Matter

- Claims 1-5 and 7-12 are allowed.
- 4. The following is an examiner's statement of reasons for allowance:

The best prior art of record, Burkart, fails to specifically teach all of the limitations and relationships of the objects within the claims. For example, regarding claim 1, Burkart fails to teach that the control slide is a rack with opposite toothing formations and also fails to teach the specific relationship that the carrier comprises a gearwheel mounted therein, wherein the gearwheel engages a respective push rod and a toothing formation of the control slide. In addition, the best prior art of record fails to teach other

limitations such as a pair of gearwheels, a carrier covering, and a reduction gear. Hence the best prior art of record fails to teach the invention as set forth in claims 1-5 and 7-12 and the examiner can find no teaching of the specific gear arrangement system, nor reasons within the cited prior art or on her own to combine the elements of these references other than the applicant's own reasoning to fully encompass the current pending claims. In addition, see applicant's reasoning in amendment/response filed 15 March 2005.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
